

# WAKE UP AND RUN

For an active and healthy lifestyle

## Process

Would you like to offer your employees the opportunity to participate in a Wake up and run race?

To do so, please follow the registration process below and note that a registration under the company conditions is only valid **for 5 people or more**.

**The registration deadline is two weeks before the event date and the discount code is valid until Friday noon of the week before the race date.**

### Step 1:

The first step is to define and register the company group leader under the registration link or by clicking [HERE](#). When this person registers their group, it is important that they know the number of participants because the **OFFERS** vary according to the number of people in the group.

Once the registration form has been completed and sent, the group leader will receive by email the code allowing him/her to purchase tickets on the Starticket website; **he/she will also receive a document to fill in. Beware that the discount code is unique and definitive.**

### Step 2:

Go to the **CITIES** tab of our website, select the city in which you want to register, this link will take you to the Starticket website, then book your tickets under the chosen offer by selecting the T-shirt sizes for each sex, not to mention entering your discount code. Finalize your order by making the payment.

For a safe and fast validation of tickets, we advise you to make your purchase by credit card; payment by invoice is nevertheless possible, however the latter is valid for a period of **7 days** by paper invoice or **2 days** by electronic invoice, before the order expires.

You can also choose to receive your tickets by post directly to your company and distribute them to the people concerned before the race. **When distributing tickets, make sure that the sizes and cuts of T-shirts correspond to each runner!**

### Step 3:

After placing an order, it is important to send us back the completed document containing the data of your collaborators to [communication@wake-up-and-run.ch](mailto:communication@wake-up-and-run.ch), so that each participant receives the information on the race for which he/she has been registered. This table is useful for us to ensure safety in the event of a dispute and to be able to identify the riders before the race.

The Wake up and run team is looking forward to seeing you there for the next edition.
